Vacation time will be accrued throughout the year, and may carry-over from one fiscal year to the next one (1) year of vacation time when employed less than 10 years and two (2) years of vacation time after 10 consecutive years of employment. Physicians have two opportunities to sell back up to 80 hours of vacation time each year. CME days are included in the vacation paid time off. Any vacation time, accrued but not used, in excess of these limits will be subject to forfeiture by the provider at the end of each fiscal year.

Physicians of .5 Full Time Equivalency and greater will be eligible for a prorated maximum of \$6,500 in CME each year. Stipends are prorated if the physician plans to leave the company for any reason.

Each year moving forward you will have the ability to carryover a maximum of \$500 of unused Healthcare FSA funds into the next year.</p> <p>Grace Period – For Dependent Care (only), the 2 ½ month grace period still applies. The “grace period” of 2½ months (January 1st – March 15th) extends the benefit period beyond the end of each plan year (December 31).
